

Family Doctors of Green Valley

Lab Draw Consent

Family Doctors of Green Valley cannot guarantee nor do we obtain prior authorization for any blood draws/specimen handling or processing.

It is the patient's responsibility to know what labs or tests are covered by their insurance. Self pay patients must be aware that the laboratory may charge additional processing fees directly to patients for certain tests. Family Doctors of Green Valley will not be responsible for any denied claims, and the patient will be billed for services that are not covered by their insurance or not covered under our cash price for self pay patients.

Any co-pay/coinsurance or deductible being applied by your health insurance as well as cash prices for our self pay patients will be collected at the time of service for the blood draw and specimen handling.

For insured patients: If you have any questions regarding your coverage for blood draws/specimen handling and lab processing, please call your insurance prior to your appointment to verify that it is a covered service under your plan. Self pay patients please ask our office prior to any services.

I have read the lab draw consent, and I understand and agree with this lab draw policy.
